

TIPS:

- Don't approach from behind
- Crouch down, be confident, not nervous
- ENERGY: be aware of the energy you are exuding. Is it warm, friendly, inviting?
- Straight posture, eye contact, smile, slowly go into the act of asking
- Ask politely if they have some time to speak with you
- Look for people alone-they might be more open

Make sure you have:

- phone and camera-audio recording on the phone so you can be a good listener
- camera-start with full body shot and when person is more comfortable, get closer with a portrait shot- as a photographer, you should think about lighting, composition and point of view ALWAYS 😊

Remember, this is a **CONVERSATION**, so you will have to open up a bit if you want someone else to open up.
